21
 _____ Required Units-Certificate

Written Form

1. Insert the description of the program as it will appear in the catalog. (See PCAH pp. 142 and 170)

The Certificate of Achievement in Esthetician is designed to exceed minimum California Board of Barbering and Cosmetology standards. Students will experience a combination of lecture and laboratory instruction covering

various topics such as manual, electrical and chemical facials. Proficiencies to be developed include principles of sanitation, client management as well as laws and administrative regulations. Courses are offered on an open enrollment basis and students may enroll at any time. Students are required to purchase a basic cosmetology kit.

2. Provide a brief rationale for the program.

SCC has offered the Esthetician program since 1997. To align with the standard contact hour formula, we are updating the program units from 13 to 21. This accounts for lecture and lab hours, and takes the program from a locally approved skills certificate, to a certificate of achievement. No other changes have been made to the program besides updating the unit formula, splitting out Health & Safety, and adding the certificate. The program has the same 600 hours of curriculum aligned with the CA Board of Barbering & Cosmetology. Thank you for your review.

3. Summarize the Labor Market Information (LMI) and employment outlook (including citation for the source of the data) for students exiting the program. (See PCAH pp. 85-88, 136, 147, 148, 165, 168, and 176)

The Esthetician program prepares students as Skincare Specialists (39-5094), who may own their own business, work in a retail establishment, or skincare facility.

The median wage for Skin Care Specialists in Orange County is \$30,908 annually, or \$14.86 hourly. These wages do not reflect those self-employed, who would have a higher earnings potential.

Source: EDD/LMID Occupational Employment Statistics Survey, 2016 Wages do not reflect self-employment.

In Orange County, jobs for Skin Care Specialists are expected to increase by 13.4%, or 166 jobs between 2014-2017, with 55 annual openings. Currently, there are 6 programs in LA/OC, of which 3 programs are in OC. Completions in OC average 40 students annually, with 15 net openings.

Source: COE Demand and Supply Tables, www.coeccc.net.

The wages and growth rate also align with the national summary through the Bureau of Labor Statistics.

4. List similar programs at other colleges in the Los Angeles and Orange County Region which may be adversely impacted. (There is space for 10 listings, if you need more, please contact laocrc@rscdd.edu)

College	Program	Who You Contacted	Outcome of Contact
Cerritos	Esthetician	Nick Real, Voting Member	No objections
Citrus	Esthetician	Jim Lancaster, Voting Member	Feedback provided
Fullerton	Esthetician	Doug Benoit, Voting Member	TBD
Golden West	Esthetician	David Gatewood, Voting Member	No objections

LA Trade Tech	Skin Therapy	Marcia Wilson, Voting Member	TBD
Saddleback	Esthetician	Tony Teng, Voting Member	TBD

5. List all courses required for program completion, including core requirements, restricted electives and prerequisites. (There is space for 20 listings, if you need more, please contact laocrc@rscdd.edu). (See PCAH pp. 143 and 171)

Courses	Course Number	Course Title	Units
	COSM 005	Health & Safety	7
	COSM 080	Esthetician	14

6. Include any other information you would like to share.
