written Form

1. Insert the description of the program as it will appear in the catalog. (See PCAH pp. 142 and 170)

The Cyber Security Technician Certificate (level one) is designed to prepare students who intend to pursue employment in entry-level cyber-security/forensics positions. The program provides the foundation skills to analyze cyber security threats from a variety of perspectives at the enterprise and national levels. This certificate requires 18 units. A minimum grade of C is required in each course taken.

2. Provide a brief rationale for the program.

This is the first level of three stacked certificates. Enhanced cyber-security programs were recommended by the advisory group, it is one of the fastest growing CTE programs and FC is part of a growing network of colleges working together to offer cyber-security programs.

3. Summarize the Labor Market Information (LMI) and employment outlook (including citation for the source of the data) for students exiting the program. (See PCAH pp. 85-88, 136, 147, 148, 165, 168, and 176)

		2014 Jobs	2017 Jobs	2014-17 Change	% Change 2014-17	Openings (New + Replacements)	Annual Openings	10% Hourly Earnings	Median Hourly Earnings
15- 1122	Information Security Analysts	7,502	8,798	1,296	17.30%	1,694	565	\$29.87	\$49.61

The three-year average supply from regional colleges is 135 per year.

Regional annual openings for the SOC code listed is 117, but when combined with related SOC Codes the demand is 1280 approximately indicating a gap of 1145 hires.
