Perkins IV/V

PERKINS V: The Association for Career & Technical Education (ACTE) posted the following notice on October 5th: Representatives Glenn Thompson (R-PA) and Raja Krishnamoorthi (D-IL) are asking their colleagues to join them in urging the Senate to act on Perkins reauthorization. In June, the House [unanimously passed](#) H.R. 2353, the Strengthening Career and Technical Education for the 21st Century Act, which would reauthorize the Perkins Act. However, the Senate has yet to act on a Perkins bill that would make important improvements to the federal system of support for CTE. You can assist Reps. Thompson and Krishnamoorthi by asking your congressperson to sign on to a letter to the Senate education committee in support of Perkins reauthorization. Please take a few minutes to help in this effort by contacting your representative in the House!

Perkins IV: Quarterly Payments – Expect a late payment for Perkins 1st quarter YTD expenditures. When the House and Senate passed a stopgap continuing resolution for 2018 to provide temporary funding for the federal government through December 8th, this also caused an across-the-board cut to keep overall spending within the required budget caps for the year. Because of the way Perkins funds are budgeted and dispersed the cut impacted our State grant. The expectation is that the cut could be restored as it has routinely been in years past but in the meantime, our Interagency Agreement with the California Department of Education has to be revised in order to sustain the cut. Until the Interagency Agreement is revised and fully executed, we cannot make payments for Perkins I-C, CTE Transitions or I-B Leadership allocations, grants, or contracts. We are working as quickly as possible to get this resolved.

Quarterly Reporting – Every quarter districts are required to report and certify their Perkins [Title I-C](#), [CTE Transitions](#), and [Title I-B](#) expenditures in the Year-To-Date Expenditures and Progress Report online system. The reporting schedule ensures that districts are reimbursed in a timely manner. The following reporting dates will apply for FY 2017-18.

LaunchBoard Guided Pathways Tab – At the beginning of October, the Guided Pathways tab in LaunchBoard went live. A number of colleges have been inquiring about how to access the new LaunchBoard Guided Pathways tab, so the following provides basic information on logging in.

ACCESSING THE TAB

- The tab can be accessed on Cal-PASS Plus at:
www.calpassplus.org/LaunchBoard/guidedpathways.aspx
- In order to access the tab, you will need a Cal-PASS Plus log in. If you do not yet have a log in, you can request one here: www.calpassplus.org/User/Login.aspx
- If you have forgotten your log in, just enter your college email address and click on the “forgotten password” link on the log-in page.

WHAT’S ON THE TAB

- The tab shows the guided pathways key performance indicators for all 114 colleges.
- You can select from two possible cohorts (first time ever in college, and first-time students who had summer or early college credits).
- Each metric shows both percentages and the number of students, and can be disaggregated by gender, ethnicity, and age.
- Comparison data for regional medians, statewide medians, and the top college in the state—as well as historical trends—help to contextualize your college’s results.
- Data can also be viewed in a table format or exported into Excel.

CIO CSSO First Friday Update

The First Friday Update: Institutional Effectiveness Partnership Initiative (IEPI) for guided pathways self-assessments and workplan submittal has been extended to December 23rd for the self-assessment and March 30th for the multi-year workplan with funding issued April 2018. The update also covers information on annual credit course certification, Basic Skills Initiative, Chancellor’s Office Curriculum Inventory 2.0, dual Enrollment Career Access Pathway Agreements, Funds for Student Success Awards, and more. Implementing 21st Century Skills in Experiential Learning

Join a group of employers and educators in an intensive day of discussion around how to infuse internships and student work experience with new practices and services that will better prepare students to meet employers' needs.

- Learn about a new professional or "soft" skill curriculum designed specifically based on employer input;
- Pose questions to a panel of innovative programs that are approaching internships in new ways; AND
- Hear from a panel of employers about the benefits and barriers in hosting interns (and find solutions, too!).
